Description

The Zero Effort Digital control by Mercury Racing provides an intuitive control experience – precisely signaling driver intent to engines equipped with SmartCraft Digital Throttle and Shift (DTS) technology.
• All new ergonomic design for effortless shifting and ultra-fast throttle response
• Heavy-duty stainless steel levers with anodized aluminum handles
• Variable friction adjustment provides a custom tactile feel and resists throttle creep
• Integrated throttle trim switch for hands-on trim control
• Enabled for automatic throttle synchronization and shadow mode for triple engine applications (where two throttle levers operate three engines).
